## EDUCATION

Govt. Thottada Higher Secondary School

Computer Science

September 2021 - May 2023

2.4 GPA | 61%

## WORK EXPERIENCE

Junior Flutter Developer

SavvyPool

Bengaluru, Karnataka - INDIA

April 2023 - May 2024

- Designed and developed responsive Flutter UIs with a focus on cross-platform compatibility.
- Integrated RESTful APIs and Firebase services to connect frontend applications with backend systems.
- Collaborated with fellow developers in an Agile workflow, ensuring efficient project delivery.
- Gained exposure to startup culture, improving adaptability and teamwork in fast-paced environments.

Senior Flutter Developer

ONTrend

Salalah, Dhofar Governorate - OMAN

June 2024 - Present

- Maintained and scaled production Flutter apps for iOS & Android, reaching 11K+ downloads (App Store) and 5K+ downloads (Play Store).
- Spearheaded development of the company's vendor app, enabling restaurants, grocery stores, and retail vendors to list products and manage orders.
- Built the companion delivery app, streamlining order fulfillment and real-time tracking for logistics.
- Integrated NBO (National Bank of Oman) payment gateway, enabling secure in-app transactions for customers and vendors.
- Optimized app performance for high-traffic live environments, reducing crashes and improving scalability.

## PROJECTS

MEDB Healthcare Website | HTML/CSS

- Built responsive UI for medical platform (medb.co.in)
